

CSC Cougars, a rising Girls U12 team for the fall 2013 WAGS season, is looking for passionate players to complement our roster. We offer a fun, positive learning environment and are looking for committed players interested in a high level/competitive travel team. Our coaching philosophy is player development and positive play through possession and technical skills. Our objective is to develop complete soccer players that will gain greater appreciation for the game as they grow individually and as a team. The Cougar training program is built on skills development through high-quality training offering great variety in trainers and focus (technical, physical, tactical, and mental).

The Cougars are professionally coached by Selim Karabulut (C-license), who trains the team along with a variety of other qualified, professional trainers including Mike Jorden (current coach of the Washington Spirit). For more information, please contact Coach Selim Karabulut at skarabulut@me.com or 703-467-1511 (home) / 571-437-3815 (cell). For more team information visit: www.sez17.com/cougars.php
